

Teint

Shimmering foundation base with SPF 10

The light emulsion glides smoothly over the skin, preparing it perfectly for applying make-up and improving hold. The subtle opalescent shimmer conceals small skin blemishes and the complexion appears completely even and fresh. At the same time, vitamins E and a UV filter with SPF 10 protect against premature skin-aging.

Ingredients

- Vitamin E acetate
- UV filter
- Vitamin E

Application

Apply evenly directly onto the skin or over a skin-specific day cream. The base can be used on its own or under your usual foundation.

Consultation

- *Vitamins E and a UV filter with SPF 10 protect the skin against damaging environmental influences and UV rays.*
- *Leaves a delicate shimmer and skin appears fresh with an even complexion.*
- *Easy to apply with the fingertips or with a small sponge.*

For an even
complexion.

The delicate cream gel gives individual areas of the face or body a fresh and radiant rose gold finish.

Like morning dew on a petal, *Beautifier* refreshes the complexion and creates radiant rose gold accents. If the facial skin looks pale and rather tired, the wonderfully light, transparent cream gel instantly invigorates it with a feeling of freshness and a delicate rose gold shimmer. For a natural glow on the entire face or to highlight individual areas, simply apply *Beautifier* with the fingers or a brush. It can always

be perfectly dosed thanks to its pump dispenser. Natural ingredients such as shea butter and tapioca starch provide the skin with gentle care. Because *Beautifier* can be used both directly on bare skin and on top of make-up, the rose gold wake-up call can be added whenever the complexion needs a magical touch of shimmering radiance and a dewy fresh glow.

PRODUCT TYPE
Make-up

RETAIL PRODUCT
Bottle with dispenser, 15 ml

TESTER
Bottle with dispenser, 15 ml

Ingredients

- *Shea butter*: has a conditioning effect and provides a silky soft skin sensation.
- *Tapioca starch*: smooths and evens out the complexion.

Application

Use a brush or your fingertips to apply the cream gel to selected areas of the face or body, for example the cheeks, the eyelids, the bridge of the nose and the cupid's bow. Can be used on its own or on top of make-up. Also suitable for selected areas of the body, for example the shoulders or décolleté. For a perfectly fresh, radiant complexion, *Beautifier* can be mixed with *Glow Base* and applied under or on top of foundation.

Consultation

- *If your complexion looks tired and pale, Beautifier will give it an instant wake-up kiss and new radiance.*
- *It has a creamy liquid gel texture that can easily be applied with the fingers or a brush.*
- *The light, transparent consistency and the delicate rose gold shimmer provide a natural and subtle effect.*
- *You can use Beautifier directly on bare skin or on top of powder or foundation to freshen up and accentuate individual areas of the face.*

A rose gold
wake-up call for
the complexion.

PERFECT SKIN

With its high pigment density and strong coverage, the melting cream foundation effortlessly balances out skin imperfections and provides long-lasting protection.

The innovative, highly pigmented foundation conjures up a long-lasting, perfect complexion with a silky matte finish. Its creamy texture melts seamlessly into the natural complexion and makes unevenness disappear in a flash. The pigments coated in avocado butter glide effortlessly over the skin and ensure fast colour application with high coverage. The shades adapt perfectly to the skin tone and enable targeted concealing of colour unevenness, for example on the

nose or chin. What's more, the finish remains absolutely natural and never looks like a mask. Cornflower blossom water has a regenerative and moisturising effect, while an active extract of Egyptian balsam improves the density of the skin's matrix and reduces signs of skin aging. Whatever the time of day, *Perfect Skin* always fulfils its promise of perfect, flawlessly beautiful skin.

PRODUCT TYPE
Cream make-up

RETAIL PRODUCT
Tube, 30 ml

TESTER
Tube, 30 ml

Ingredients

- *Cornflower blossom water*: has a regenerative and moisturising effect.
- *Active extract of Egyptian balsam*: improves the density of the skin's matrix and actively combats signs of skin aging.
- *Pigments coated in avocado butter*: make the foundation easy to apply, allow it to be mixed with excellent results and provide a creamy melting skin sensation.
- *Rapidly absorbed oil component*: provides staying power, makes the foundation glide gently over the skin when applied and feels light once on the skin.

Application

Use *Foundation Brush No. 15*, a sponge or your fingertips to apply *Perfect Skin* from the middle of the face outwards and blend well. Start with a thin layer and repeat as necessary to increase the coverage or achieve a stronger concealing effect in certain areas. To give the make-up even more staying power, it can be fixed with *Compact Powder 0/0 Translucent* or *Silky Mineral Powder*, especially in areas that rapidly become oily.

Tip

To avoid excessive coverage, apply *Perfect Skin* sparingly for a natural look and intensify it with repeated applications if necessary. Experiment with different application and mixing techniques to achieve an individual finish.

Consultation

- *Perfect Skin offers perfect coverage that stays in place all day long.*
- *It balances out skin unevenness, has a gentle mattifying effect, provides an even, silky matte finish and feels pleasantly light on the skin.*
- *The creamy texture melts into the skin and blends in perfectly.*
- *If necessary, the coverage can be intensified with repeated applications.*
- *Perfect Skin is suitable for all skin types and adapts to the skin tone.*
- *Perfect Skin supplies the skin with moisture and supports its regeneration.*
- *It improves the density of the skin, actively reduces signs of skin aging and helps to keep the skin youthful and radiant.*

Flawless
perfection.

FRESH SKIN

Tinted moisturising cream

Fresh Skin brings together the best of both worlds by combining the caring freshness of a moisturising day cream with the benefits of a delicate foundation. Glycerin supplies the skin with moisture and smooths fine lines caused by dryness. Skin-identical squalane keeps moisture inside the skin and leaves it feeling soft and smooth. Special balancing pigments enable the shades to optimally adapt to suit the natural skin tone, balance out colour unevenness and conjure up

a naturally fresh look. The light texture, which does not settle into pores and fine lines, gives you a well-groomed appearance in the blink of an eye, without making your complexion look made-up. *Fresh Skin* is the perfect option if you don't have much time in the morning. It is suitable for all skin types and for both men and women, providing them with an even, fresh complexion in one simple application.

NATURAL SKIN

Hydrating anti-aging foundation

The feel-good formulation acts like a soft filter, and magically creates a wonderfully natural, no-make-up look. Delicately smooth *Natural Skin* glides on to the skin, and conceals minor flaws and unevenness with the finest micropigments without settling into fine lines. The moisturising fillers hyaluronic acid and glucomannan pad the skin from within, smooth it, and make it look youthfully plump. An oil complex with bio-

mimetic squalane blends with the skin, maintains its moisture content, and provides a pleasantly silky skin sensation. Conditioning Vitamin E wards off free radicals and, supported by a UV filter, protects against damage due to environmental influences and sun rays. The skin is protected from premature skin aging, feels wonderfully cared for and silky, and features a seductively natural looking, flawless complexion.

EXTREME STAY FOUNDATION

High cover cream compact

The multitalent for an all-round flawless complexion! *Extreme Stay Foundation* combines the smoothness of a cream with the silky texture of a powder. Thanks to the ideal combination of moisturising waxes and oil-absorbing pigments, it is creamy without being oily, and mattifies without drying out. In addition, it features intense coverage and lasting colour freshness paired with a wonderfully soft and pleasant skin

sensation. For additional skin comfort and an even more flawless finish, moisturising fillers pad the skin from within, and smooth fine lines. It's pretty incredible that there are so many good things in this slim mirror compact that fits in every hand bag, and can be quickly taken out to touch up your complexion, at home and on the go.

and perfect complexion.

SUN CARE FOUNDATION SPF 30

Compact make-up with UVA / UVB filter

Sun Care Foundation is the ideal companion for anyone who wants to greet the sun with a perfect and naturally fresh complexion when exercising, doing outdoor activities or enjoying the warm weather. Its light texture instantly blends into the skin, and micro-fine pigments settle on the complexion like rays of sunshine, make minor flaws disappear and warm your look with a long-lasting, delicate summer tan.

Valuable waxes and oils condition the skin to make it soft and smooth, and a moisturising filler comprised of hyaluronic acid and glucomannan pads the skin as if from within and minimises the visibility of fine lines. UVA and UVB filters and an anti-pollution complex protect against light-induced skin aging, environmental pollution and damage caused by UV radiation.

- Carnauba wax, beeswax and candelilla wax
- Sunflower oil
- Vitamin E
- Anti-pollution complex
- Pigments

Application

Use a dry make-up sponge to evenly apply from the middle of the face outwards to your skin after your day care. The make-up can be easily touched up at any time thanks to its light texture, which instantly blends into the skin.

Consultation

- *The light cream make-up protects your skin against light-induced skin aging, environmental pollution and damage caused by UV radiation.*
- *Filling moisture binders minimise the visibility of fine lines.*
- *Microfine pigments settle on the skin like a delicate veil and give it a fresh sun-kissed appearance for many hours.*
- *Sun Care Foundation is suitable for all skin types, instantly blends into the skin and is long-lasting and practically imperceptible.*
- *It is ideal for application when exercising, doing outdoor activities, enjoying the warm outdoor temperatures or on skin prone to perspiration.*
- *The practical mirror compact is perfect for your handbag and for touching up your complexion whenever you need.*

Gives the skin a
sun-kissed appearance.

COMPACT POWDER

Silky mattifying compact powder

Compact Powder gives the complexion a silky matte finish and leaves the skin looking even, soft and smooth. The transparent silky texture with microfine powder pigments forms an ultra-thin layer on the

skin without blocking the pores or concealing the skin's natural beauty. The powder effortlessly adapts to the respective skin tone and can be applied multiple times if needed.

Ingredients

- Talc
- Mica
- Silica (siliceous earth)
- Zinc stearate
- Octyldodecyl Stearoyl Stearate
- Mineral pigments (in 2 / 2)

Application

Compact Powder can be applied over foundation for a silky matte finish or on its own for a natural look. Apply dry with the enclosed sponge or a powder brush. Regularly wash the sponge with soap and warm water.

- *Easy application: to touch up make-up, ideal for on the go and as a powder for the handbag*

Silky matte finish.

SILKY MINERAL POWDER + KABUKI BRUSH

Loose mineral powder

The new 2 in 1 mineral powder lets you choose: depending on your desired look and application technique, this can be used as a loose powder to fix your make-up or as a powder make-up. Instead of synthetic dyes, 100 percent pure mineral pigments are used. This makes the powder suitable for all skin types, even sensitive or blemished skin. Free from synthetic perfumes, oils and talc. The silky consisten-

cy maintains skin's natural moisture and leaves a soft shimmer on the skin. The powder is so pleasantly light that you can hardly feel it. The microfine light-reflecting mineral pigments visually reduce minor irregularities, have good adhesion properties and do not settle into fine lines. The skin's relief is refined, the complexion looks clear and radiantly beautiful – without any mask effect whatsoever!

PRODUCT TYPE
2 in 1 mineral powder

RETAIL PRODUCT
Dose mit Puderquaste, 12 g

TESTER
Dose, 12 g

Ingredients

- *Kaolin*: has a mattifying effect and balances out surplus sebum production of the skin.
- *Ultra fine pigments, Iron oxides*: provide a soft, even colour application and make the powder blend directly into the skin.
- *Mica*: translucent and lightweight mineral with light-refracting properties, visually reduces wrinkles and fine lines. Gives the skin a silky soft sensation. It is also used to loosen up the powder and for better distribution of the colour pigments.
- *Zinc stearate*: mineral with skin-calming properties.
- *Boron nitrate*: ensures the powder glides smoothly on to the skin for a radiant complexion.

Application

For fixing and improving the staying power of make-up, softly dab the powder on to the face with the powder puff provided.

For more coverage, apply the powder with the *La Biothétique kabuki brush*. Lightly twist the powder in circling motions for an even application without lines. The powder is perfectly worked into the skin and makes the complexion look even.

Tip: As the powder contains highly concentrated colour pigments, the general rule is that less is more.

Kabuki brush for mineral powder

The powder brush of fine goat's hair with naturally grown tips is ideal for applying and blending loose powder to large areas. The thick short hairs absorb the powder like a puff and guarantee an even and rapid dose of colour. The silky soft natural hair glides smoothly across the skin. The short metal handle is particularly easy to hold and looks elegant.

Care: regularly cleanse the brush with lukewarm water and shampoo (e.g. *Lipokérine B*).

Consultation

- *Fixing powder and powder make-up in one.*
- *100 percent mineral colour pigments.*
- *Suitable for all skin types, even sensitive or blemished skin.*
- *Contains no synthetic perfumes, no oils, no talcum.*
- *Microfine light-reflecting minerals conceal wrinkles and fine lines.*
- *Non-comedogenic, anti-inflammatory, calming, moisture-retaining.*
- *Very good adhesion and staying power. Water-resistant.*

HIGHLIGHTER TRIO

Shimmering effect powder

With its three harmoniously paired shades, the silky soft highlighter creates radiant highlights and magically gives the complexion a naturally vibrant glow. Naturally pure mineral pigments and iridescent shine particles lay themselves on the skin like a delicately shimmering veil and provide additional dimension, durability and radiance.

Ingredients

- Mineral pigments
- Pearl pigments
- Zinc stearate

Application

Blend the three shades of Highlighter Trio with each other or individually apply to parts of the face you want to emphasise, as well as the eyelids. With the enclosed powder brush emphasise the brow bones, the cheekbones, and the back of the nose and use the eyeshadow applicator to apply highlights to the inside corner of the eye and the cupid's bow above the top lip.
